## 17 Persons Injured in 31 Traffic Accidents

### Head-On Crash Sunday Afternoon on McKinley Bridge Injures Five

Injuries were suffered by 17 persons in nine of 31 traffic crashes occurring in and near the Quad-Cities over the weekend. In a collision yesterday on McKinley Bridge, five persons were hurt.

Five persons were injured and a motorist was arrested on two charges as the result of a two-car accident on the east end of McKinley bridge, Venice, at 5 p.m. yesterday. Venice police said a head-on collision was caused when a car driven west by William H. Jones, 25, of St. Louis, skidded across the bridge deck into the path of an oncoming auto driven by Omar W. Evans, 52, of 406 State street, Madison.

Evans, Ida Evans, 54, of the State street address and Dennis Singleton, 6, son of Mr. and Mrs. Ronald Singleton of 1511 Fourth street, Madison, were taken by ambulance to St. Elizabeth Hospital from the accident scene. Esther Sherrod, of 1212 Calhoun street, Venice, was taken by ambulance to Christian Welfare Hospital, East St. Louis.

Jones, who at first told police he was uninjured, asked for treatment after he was taken to police headquarters. Police recommended an ambulance which took Jones to the St. Elizabeth Hospital emergency room where, police said, Jones received treatment and asked to be transferred to an East St. Louis hospital.

Police took Jones back to headquarters where he was booked on charges of careless driving and wrong lane usage. Evans was treated for abrasions to his right knee and contusions of the right arm. Mrs. Evans was treated for a two-inch cut to her forehead, abrasions to the right leg and right hand, and contusions to the left leg, and was admitted after treatment of multiple abrasions to the forehead and left hand and pain to his right knee, head and ribs.

**Crash Injures Two**  
A one-car accident on the outskirts of Collinsville shortly before midnight, resulted in one young passenger being admitted early today at St. Elizabeth Hospital and a second passenger undergoing x-rays for a bruised back.

Ricky Joe Colip, 13, son of Mr. and Mrs. William Colip, 4101 Kirkpatrick Homes, was admitted at 12:05 a.m. today with abrasions to his forehead and left knee. His brother, Gary Colip, 16, of the same address, sustained back contusions.

The boys were passengers in an auto operated by their sister.

## Adamson, 2 Other Scouters Receive Silver Beaver

Four hundred scouters and their ladies attended the 19th annual scout leaders' appreciation dinner of the Cahokia Mound Council, Boy Scouts of America, at SIU-SW Saturday evening. They witnessed presentation of three Silver Beaver awards and 20 Oscar awards to adult scouters.

The Silver Beaver, highest award presented by a council, is given annually for outstanding service to boyhood, the council and the community. Recipients of the 1968 awards were James H. Adamson, Edwardsville, a former Granite Cityan; Alvin Baima, Collinsville; and Walter MacDonald of Edwardsville.

MacDonald has given service to scouting in his church, the First Baptist, for over 40 years.

Adamson, a veteran of 53 years of scouting experience, has served on district and council committees of all types, in addition to serving as district chairman and scoutmaster abroad in numerous other positions. His most recent Quad-City service was as district camping chairman during the 1968-69 year.

Dr. M. W. Grimm, chairman of the Silver Beaver committee, was assisted in the presentation by Robert Simon, Arthur D. Roseman and Henry Gray.

Council Commissioner William Shindler, with the aid of Donald Gnaedinger, Edward Hume and B. J. Rodgers, presented the Oscar awards. Each was a replica of the McKinley statue of the unknown scout who guided William Boyce through the London fog. Boyce later introduced scouting to America.

Recipients of the Oscar were Frank Kuzma, Richard Komer, and Mrs. Joan Tognarelli, Pete Tognarelli, Dave Graham, Jack Vance, Oliver Gilmore, Richard Spillers, Harris William F. Winter, Henry Adams.

## Contaminated Wells Feared By Chouteau Is. Residents

An appeal was made over the weekend by the Chouteau Island Citizens Association to national, state and county officials for a shutdown of landfill operations on the island in face of the threat flooding.

Edwin L. Wagner, president of the association, told the state representatives and State's Atty. R. W. Griffith, pointing to the pollution dangers to residents' wells on the island as well as to the river itself.

Wagner said that Department of Public Health regulations covering refuse disposal sites state: "If there is no flooding, the water table rises and seep water will appear on the island and could cover over half of it."

### Light Vote Expected In Venice; Pontoon Will Elect Trustees

Voters of Madison, Venice and Pontoon Beach will go to the polls tomorrow to elect aldermen, trustees and other city officials—including mayors in Madison and Venice.

Polling places will open at 6 a.m. in all three communities and will close at 6 p.m. Voting results will be returned by election judges to city clerks of the respective municipalities.

Most sharply paced voting activity is expected in Madison, where a heated campaign has been under way by two slates of candidates, one of them made up entirely of incumbent city officials whose terms expire this year.

A light vote is expected in Venice due to the lack of opposition for most officials. There is no presidential or clerk election in the village this year.

Voting in both Madison and Venice will be by wards rather than by precincts. Madison has five wards, and Venice four. Ballots will be cast in Pontoon Beach in only one precinct polling place.

In the Madison city election, a full ticket of eight incumbent city officials, headed by Mayor Stephen Maers, is seeking reelection to the mayor's office, to the city clerk and city treasurer positions, and to five aldermanic posts. All are running as members of the Citizens Improvement Party.

They are opposed for seven of the offices by a slate of candidates who sought to file as members of a party ticket, but was prevented from doing so by a circuit court ruling sought by the incumbent administration on grounds that inadequate petitions for a party designation were filed.

One independent candidate also is in the field in a bid for election as Third Ward alderman. He sought to file as a member of a party ticket, but was prevented from doing so by a circuit court ruling sought by the incumbent administration on grounds that inadequate petitions for a party designation were filed.

Both sides have been conducting an active campaign, particularly in the distribution of campaign material.

Incumbents are running on the past record of their accomplishments, street lighting, sidewalk replacements and other projects.

The opposition group is attacking the incumbents on the political nature of the city government. They particularly have assailed the issue of politics in the police department, and have attacked the 4 a.m. closing law for taverns; they pledge a 1 a.m. closing hour if elected.

They also have attacked the present administration's failure to restrict the city in accordance with the population level which, the candidates contend, would eliminate one ward and two aldermen and result in a saving.

In Mayoralty Race  
The mayor's contest is between Mayor Maers, completing 27 years as the only mayor the city has had since its incorporation in 1942, and Steve Komer, a construction contractor and former city building inspector of Madison.

John Belcoff, serving as Madison's city clerk by appointment, is opposed in his bid for re-election by Thomas E. Watson, a speculator in real estate who played a major part in Madison school issues in the late 1960s.

### 3 Men Charged in Case Involving Minor

Three men were charged with contributing to the delinquency of a minor on warrants filed Friday by Venice police, who received a complaint concerning a 15-year-old girl seeking funds outside a store in the 100 block of Broadway.

The girl, it was learned, had run away from home in St. Louis on Wednesday, and police said she was staying in an apartment at 134 Broadway.

### Bill for Madison County Refuse Disposal Killed

A controversial bill under which Madison county would have been able to finance a county-wide refuse disposal system has been killed on the House floor by its own sponsor.

State Rep. Sam Vadalabene (D, Edwardsville), chief sponsor of the measure, asked the House to table, and therefore kill, the proposed legislation last week.

Vadalabene said his action followed a meeting in Edwardsville with the Sanitation Committee of the County Board of Supervisors. The committee asked the representative not to advance the bill.

Although the bill was introduced at the request of the committee in the first place, the committee decided to await the outcome of a study of a tri-county (Madison - Monroe - St. Clair) refuse disposal system now being made by the Southwestern Illinois Metropolitan Area Planning Commission.

**Bill Criticized**

The proposal had drawn criticism from cities and townships which have their own landfills. They contended payment for a county-wide system would constitute double taxation.

House speaker Ralph T. Smith (R, Alton) said recently that he would not allow the bill to advance out of the House without an amendment excluding cities and townships which already have disposal systems operated in compliance with state and county regulations.

The bill would have permitted the county to issue bonds and levy a tax for bond retirement as a means of financing a county-wide system.

Miss Linda Faye Bolton became Mrs. Donald Lee Vaughn in a ceremony taking place Saturday evening at Tri-City Park Tabernacle.

Their parents are Mr. and Mrs. Clarence Bolton, 3135 Wayne avenue, and Mrs. Lucy Vaughn, 72 Grenzer Homes, Madison.

The Rev. John Polizzi heard the vows of the couple at 7 o'clock, and a reception was

held afterward in the church hall.

Lighted candles in branched candelabra and a large brass arch holding candles, together with arrangements of aqua and white flowers and greenery provided the setting for the ceremony. White satin bows marked the family pews.

Mr. Bolton gave his daughter in marriage. She wore a white silk organza gown over

peau de soie and Chantilly lace. The Empire bodice of lace had a scoop neckline edged with miniature seed pearls. Long sleeves were of matching lace and the A-line skirt was trimmed with wide bands of lace sprinkled with seed pearls.

A headpiece of silk organza secured the bride's cathedral veil of imported silk illusion, and she carried a bouquet of white carnations with a white orchid corsage in the center.

Mrs. Don Mendenhall, organist, played the wedding marches and accompanied the soloist, Mrs. William Hildreth.

Miss Donna Bolton, a cousin of the bride, and Jerry Poston were the only attendants.

The bridesmaid was attired in a gown of aqua chiffon over peau de soie. Long full sleeves of chiffon were gathered at the wrists and held with bands of the same material. A daisy trim and narrow green velvet bows were used on the front and back of the bodice and a paired headpiece of aqua held in place a tiered veil. She carried a nosegay of white and aqua with streamers of the same color.

Mrs. Bolton, the bride's mother, wore a pink suit, and the bridegroom's mother was in a light blue dress. Both wore matching accessories and corsages of white carnations.

The newlyweds will make their home in Madison.

The former Miss Bolton was graduated from Granite City high school and the Granite City School of Beauty Culture. She is employed in a local beauty salon. Mr. Vaughn was graduated from the Madison schools and is employed in St. Louis.

The late afternoon ceremony was performed at 5:30 by Rev. Hugh Cassidy.

Given in marriage by her paternal grandfather, Basil Wilson, the bride wore a gown of white lace with a high neck and bell-shaped sleeves. Scallops and pearls trimmed the sleeves and the hem of the gown, which ended in a train.

A double butterfly headpiece of chiffon and pearls held in place the bride's bouffant veil of illusion and she carried a nosegay of white daisies and carnations.

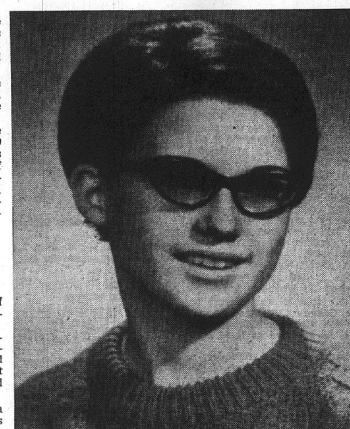

Mrs. Joyce Wilson, the bride's aunt, was matron of honor. Miss Ann Mullen was bridesmaid and Barbara Baumberger, a sister of the bride, was junior maid.

The honor attendant was in a trained, floor-length gown of blue chiffon over tullea with long sleeves and a high neck. Lace edged the neck, cuffs and train. She carried a bouquet of daisies and carnations.

The bridesmaids were similarly attired in green.

## Miss Chinn, Jerald Lamkin Exchange Wedding Vows

Arrangements of white carnations and pom poms on the altar and white ribbon bows on the pews decorated St. John Church of Christ Saturday evening for the wedding of Miss Sharon Chinn, a daughter of Mr. and Mrs. Robert Chinn, 3041 Dale avenue, and Jerald L. Lamkin, a son of Mr. and Mrs. Austin Lamkin, 3028 Dale avenue.

Rev. Paul Surbey heard the vows of the couple at 6 o'clock. Mrs. Irene Burdick presided at the organ and Mrs. Diane Gebhard was soloist. Her songs were "Perfect Love" and "He." Given in marriage by her father, the bride wore a floor-length gown of white silk organza over tissue peau de soie. The rounded neckline dipped lower in the back and the Empire bodice was trimmed with lace motifs sprinkled with seed pearls and crystals. The slim sheath skirt had more of the motifs at the front hemline. The redingote overskirt flowed into a full court train trimmed at the back with a bow and two floating panels which came almost to the hemline.

A petal headpiece of lace and pearls secured the bride's bouffant veil of illusion and she carried a cascade of white.

phalaenopsis orchids, stephanotis and ivy.

Miss Jo Ann Chinn, a sister of the bride, was maid of honor, and Mrs. Joyce McDaniel served as bridesmaid. They were dressed in gowns of blue sateen cloth with Empire bodices of azalea scoop necks and elbow length sleeves. The princess blue crepe sheath skirts were outlined with blue daisies and the floor-length trains were secured at the shoulders and topped with French bows of the same color. Blue satin bows secured circular nose veils of bouffant net. They held bouquets of blue pom poms with matching streamers.

Two little flower girls, Dori Chinn and Cindy Lamkin, sisters of the bride and groom, were in short white lace dresses and blue daisy headbands. Both carried nosegays of blue pom poms.

John Perry was best man and Cletus McDaniel, and Robert and William Chinn, twin brothers of the bride, served as groomsmen and ushers.

For her daughter's wedding Mrs. Chinn selected a sky blue crepe dress with a white lace coat, while the bridegroom's mother wore a pink lace dress and matching coat. Both had corsages of white pom poms.

A reception was held at the VFW hall directly after the church service. The guest book was in charge of Miss Kathleen Macaluso, a cousin of the bride. The former Miss Chinn, a graduate of Granite City high

## PRESS-RECORD SPORTS

### GCHS Nine Wins 3-2, Loses in 13 Innings

Gale Garbe's nimble Warriors divided a doubleheader with McCluer at Wilson Park Saturday. After winning the first game 3-2, GCHS lost 6-2 in 13 innings of fruitless but strong baseball.

Don Harris pitched the entire GC win. Behind 2-0 on enemy scoring in the fourth, the Warriors cut the deficit in half in the same inning when Jerry Monahan singled, Roger Belshe walked, James Becker sacrificed and Monahan scored on a wild pitch.

In the sixth, Mike Pekarik got to first on an error and stole second. Monahan, having a wicked stick day, singled for

an RBI. Belshe gained base on an error and Gary Simpson drove in the winning run.

McCluer outdid Monahan, 4-2. The long second game opened with Warrior left-handed curveball pitcher Charles Fritzell giving up runs in the first and second. He was replaced in the fourth by Ed Hagnauer, immediately replaced by a junior right-hander, Don Hadick.

Garbe said Hadick pitched a "beautiful nine innings in relief." In the 13th Ron Simpson had to take the mound; Hadick suffered the loss as a total of four runs crossed the plate.

GCHS, out 10-4, scored in the second and third innings, changing up 10 straight "goose-eggs."

Prather JHS Whips Alton Nine—9-3

Prather junior high baseballers, behind the 16-strikeout pitching of Bethalto, won over Central of Alton on Friday at the Wilson Park diamond by the score of 9-3.

Couch Larry Williams said Jim Forrester knocked out two singles and Al Fowler had a triple and single to place the Prather batter, Baron went the distance on the mound. Prather scored three runs in the first and three in the second, followed by two in the third and one in the fourth. Alton scored one in the third and one in the fourth.

Prather will play at Freeburg Tuesday.

Cougars Nosed Out Twice at Greenville

SIU-SW lost a Saturday doubleheader at Greenville College 4-3, 7-5.

GCHS alumnus Bruce Thompson in the first game gave up five hits in losing the heart-breaker.

Cougar Mike Scroggins of Roxana, who had already homered in the fifth, almost repeated the feat in the seventh. He hit a fly to deep center barely over a picket fence, where the Greenville fielder momentarily delayed the ball's descent before running into the fence.

The immediate ruling was that the ball was dropped for a two-run homer. But after a conference, the umpire reversed it, calling Scroggins out.

Washington University of St. Louis will play at SIU-SW Wednesday at 3 p.m. The Cougars will travel to Concordia Seminary of St. Louis for a 1 p.m. game Saturday.

Tennis Team Takes It On Chin, 5-0

Warrior tennis were shut out at McCluer 5-0 Thursday. John VanBuskirk lost 6-1, 4-6, 2-6 to Nick Giovanni, Mike Loftus lost 6-4, 2-6 to Tom Flurt and Mike Gaines lost 6-4, 1-6 to Steve Dristol in singles.

Jim Carille and Keith Nagy lost 1-6, 5-7 to Bill Dristol and Gary Moore. Joe VanBuskirk and George Smith bowed 1-6, 1-6 to Randy Doernman and John Patterson.

## MORE ABOUT Plan Commission

ed to the plan commission previously, but was brought before the commission for the second time Thursday because of an error in the lot designations in the official publication notice prior to the first scheduled hearing. Only two lots, instead of four, were listed in the legal notice.

Because of failure to include two of the lots in the original publication, Maurice Dailey, attorney for Tarpo, withdrew the first petition and submitted a second covering all four lots and requesting a C-2 zoning, which is necessary to operation of a welding shop, according to William J. Hoescher, chairman of the plan commission.

During the meeting Thursday, amid objections to the petition by residents of the area, Dailey amended the petition request to ask for a C-1 zoning.

Several board members suggested that if Tarpo's property was rezoned, the rezoning to C-1 should extend down the rest of the block to Iron street. Others objected to this procedure.

A motion to grant the Tarpo rezoning failed to pass. Recommendations for denial of the two petitions will be sent to the city council.

Operating a City for the benefit of all of its Citizens is not an easy task, it's very hard and difficult because it's not our own property that we are managing, so to speak, it's everyone's property that has been entrusted to our prudent judgment. This takes many, many years to learn how to do so, many years to learn all the necessary angles and the best methods in order to serve our Citizens and fellow neighbors and friends, efficiently and economically. It takes many, many years to become acquainted with important people in order to serve our own Citizens when in need, and this happens lots of times as some can attest, such as in our Nation's Capitol, Washington, D.C., in our State Capitol, Springfield, Illinois, and in all of local Governmental Agencies in our County and in our neighboring Cities. We have an Administration that possesses these attributes that we can justly be proud of. Let's all help retain these men of unquestionable character, unlimited know how by Education, Experience and Proof. DON'T BE HOODWINKED BY THE OPPOSITION — THE STAKES ARE TOO HIGH.

### MARSHALL GIRL SCOUT TROOP AWARDS CEREMONY

A total of 115 parents and scouts attended a special court of awards ceremony Thursday evening at St. John's United Church of Christ for members of Junior Girl Scout Troop 700 of Marshall school, under the direction of the leader, Mrs. Vivian Davis.

Prior to the awards presentation, a pot luck dinner and an entertainment program were enjoyed.

Hostesses for the festivities were Lisa Camp, Tina Collins, Susan Davis, Debbie Grady, Karen Hoover, Rebecca Edwards, Christi Kramer, Donna Kief, Sandy Miller, Kathy Nunn, Linda Parish and Donna Stout. Each patrol was in charge of its table.

The program opened with a flag ceremony and the scouts sang a medley of patriotic songs to a requirement of the songster badge. Scouts Rebecca and Michelle Edwards sang a duet.

The Pany Company patrol entertained parents with a comic fashion show and the Mother-Good and Laughly patrol performed a folk dance, "Skip to My Lou."

The Mother Goose patrol, dressed in medieval costumes, sang "Hello" and several of the girls simulated a meeting of the Tunesy Bopper patrol.

Individual entertainers, in keeping with the "my troop" badge, were Debbie Dutton, who explained "How Girl Scouts Began," Debbie Grady a talk on the scouting organization, and the Pany patrol demonstration of the correct way to wear a uniform.

Susan Davis gave a talk on the purpose of a service project for children pertaining to "Care." Lisa Camp explained the meaning of the "World Association of Girl Scouts."

Lisa St. Cin sang "Girl Scouts Around Town," which she composed herself and Carolyn Williams read an original story on "Going Camping," and a poem on Lincoln. She also assisted in descriptive writing for the fashion show.

During the awards presentation, Mrs. Davis presented over 100 badges to the members and World Association pins were given to Lisa Camp, Rebecca and Michelle Edwards, Christi Kramer, Paula Mullineux, Lisa St. Cin and Robyn Sides.

Three sixth grade scouts who will be bringing to the Cadette level were presented with three-year pins for completing their junior requirements; they were Susan Davis, Rebecca, Edwards and Susan Kelly.

A resolution calling for abolishment of the personal property tax if a state income tax is enacted has been passed by the Illinois County Treasurers' Association in a meeting at Springfield.

County treasurers attending the meeting last week said that since the governor delivered his budget message, they have been "deluged with complaints from angry taxpayers" protesting against payment of personal taxes if an income tax is enacted.

## Respect for Elders Can Be Achieved, Study Group Told

"Too often today, children have no respect for their elders' words," parents were told Thursday night at the third session in a Family Education Program held at Niedringhaus United Methodist Church.

"Years of talking and preaching seem to have done no good in many families."

The study group is being conducted by Dr. Raymond E. Troyer, associate professor of psychology at Southern Illinois University's Southwestern campus.

Other parents are invited to join the group, which meets each Thursday at 7 p.m. Rev. Dean Blackburn, associate minister of the church, has been in charge of organizing the program. It is under the sponsorship of the Quad-Cities Ministerial Association and the Co-Ordinated Youth Services.

"Lack of respect for order is one of the most common complaints of parents today," Dr. Troyer said. "Children in general take this means of asserting their rebellion against adults."

"To pick up things or put them away are demands made by all parents and resented by most children. If a mother shows her concern for tidiness, she becomes more vulnerable to the effective resistance of her children."

**Order as Part of Freedom**  
"Children need to experience order as a part of freedom," Dr. Troyer asserted. "Where there is disorder, there is a loss of freedom by all members of the family."

"The problem in such a struggle is one of mutual respect. The mother's respect for herself denies her the right to pick up after her children, to order after them, and to allow them to put her into their service, doing their jobs for them."

"Parents ought to induce in their children a respect for order. However, the use of talking and force merely creates an atmosphere of hostility and rebellion."

**Quiet Resistance**  
Quiet resistance was suggested as more effective in training the young; if the parent has to put things away, when the child wants them again the parent should be firm: "I'm sorry, since you did not feel like putting it away the last time, you may not have it out this time."

## Hearings Set on Dismissal of 2 SIU-SW Teachers

A series of hearings in an attempt to resolve a controversy over administration of the Business Division of Southern Illinois University-Southwestern campus had been scheduled today after two Business Division professors were ordered to show cause why they should not be dismissed.

The two professors, John J. Glynn and Walter Blackledge, received letters from Chancellor John S. Rendleman ordering them "to show why they should not be dismissed for cause," after they had criticized Dean Kenneth Myers in statements to a newspaper.

Chancellor Rendleman said hearings will be held in the matter before the Southwest campus Faculty Subcouncil, and added that it would be up to the subcouncil to set the date for the hearings.

Other Hearings Set

Still another hearing will be held on charges filed by Myers and Glynn against one another, and a third hearing apparently will be scheduled on written charges to Rendleman by another dissident faculty member, an accounting teacher, Richard J. Miles.

Miles alleges that he was denied salary increases and given "burdensome teaching schedules" and no summer teaching. Meanwhile, several other professors within the division joined the controversy by pointing out that Blackledge and Glynn "are not alone in this." One dissident, John V. Meador, said, "There are a lot of professors involved in this. Some of them have left the university; some won't say anything."

The dissident group said dissatisfaction dates back to August 1965, when Myers joined the division as dean. They said they have been complaining to the Southwestern campus administration since then without results.

Blackledge said the group is dissatisfied over discrimination tactics, a 50% turnover in faculty members and salary inequities. He said numerous removals of faculty members prevent many instructors from gaining tenure.

"Glynn and I have tenure and that is why it is a little more difficult for them to remove us," Blackledge said. Blackledge has been an SIU professor ten years, and Glynn for 11.

**Protested Masters Program**  
Among one of the group's protests to the administration was the allegation that master's degree courses in the Business Division were offered before the masters program had been approved by the Illinois Board of Higher Education.

Chancellor Rendleman said this is standard practice—that the courses may be offered before Higher Education Board approval, but no degrees awarded until after the program is approved.

Several of the dissident group claimed their names were deliberately left off a listing of faculty teachers who will teach in the new master's program, followed by the posting of an addendum including the names of several dissidents after the controversy was made public in newspaper items.

Glynn, who was dean of the business division before Myers, said he has heard that some persons believe he is "after Myers" so that he can go back as dean.

Glynn said this is not true, since he returned to teaching at his own request and has turned down other administrative posts.

The award was presented to her by the AAHPER President, Miss Mabel Locke, who said it recognizes "the many years of service you have given to the profession and to the Association and represents our appreciation of your unselfish leadership."

As one of the main guests of honor at the meeting, Miss Kerch was seated on the stage. In addition, she took part in receiving line at the president's formal reception immediately

## Bills to Legalize Bingo Considered in Senate

Two bills to legalize bingo in Illinois are under consideration in the Illinois Senate today after being approved in the House last week by a 2 to 1 majority.

The sponsor of the legislation, Rep. John Fary (D, Chicago), predicted "a little rough going" in the Senate, but he is reasonably certain that they (the senators) will realize that bingo is a form of recreation and not gambling.

He said 14 senators have offered to handle the legislation which, if passed, will be sent to Gov. Ogilvie for his signature.

"I haven't talked to the governor yet," Rep. Fary said, "but I'm sure that if he takes a close look, he will realize that the bills are revenue-producing measures."

Similar bills had been unsuccessful in the last four legislative sessions. The House, however, gave its approval by a vote of 102-52.

## Bingo Unconstitutional

Opponents of bingo claim it is unconstitutional. The 1870 constitution reads: "There shall be no authority to permit a lottery."

Fary said that the bills amend the criminal code to exempt bingo from a gambling or lottery classification and are constitutional.

He said that 16 other states which have legalized bingo recognize it as a form of recreation and not gambling. They are intended to benefit fraternal organizations and other similar and non-profit organizations.

Fary promoted the bill on the slogan, "Keep grandmother off the streets—legalize bingo."

**Split of Profits**  
One of the bills would exempt bingo from the gambling provision and the other would authorize an annual \$100 license fee plus one half of the net profit. It is to be split equally between mental health and common school funds.

Among representatives voting for the bill were Horace Calvo of Granite City and Calvo

Speaker Ralph T. Smith of Alton. Also voting favorably were Sam Vadala of Edwardsville, Leland H. Kennedy of Alton, Ben Harparr of New Baden and Kenneth Hall, Edgar C. Lehman and James Krause, all of East St. Louis.

## Mandatory Sentences

Bills making prison terms mandatory for crimes of armed robbery and armed violence and denying probation for those crimes passed the house 144 to 8.

They call for repeal of old minimum sentences of two years in prison for first conviction of armed robbery or armed violence, not less than five years in prison for the second offense and not less than eight years for third or subsequent offenses. Smith sponsored the legislation.

An attempt was made to kill a bill, passed in a pre-Easter rush by three votes, raising from three to five the number of moving violations allowed a motorist before his license can be revoked or suspended. But it failed by three votes. The bill now is in the Senate.

## Auto Fire, \$150 Loss

A short circuit caused a blaze in the 1962 auto of William Carter at 1125 Bissell street about 1:50 p.m. Friday. Venice firemen set the loss at \$150.

## New Teaching Method

### Here to Be Telecast

Parkview school kindergarten students will go to Springfield, Ill., tomorrow to tape a 30-minute television program which will demonstrate the teaching of reading by means of the Initial Teaching Alphabet.

The "I/T/A" method has been used with some students at Parkview for three years with a great deal of success, officials report. It is a tool by which children learn sounds in connection with reading.

This alphabet consists of 44 sounds and symbols instead of the traditional 26 letters. Each character has one specific sound; therefore, there are no inconsistencies.

The program will be taped by Channel 20 of Springfield. Children participating are Brad Bischof, Laura Forgin, Jimmy Gaddo, Cynthia Goeller, Elsie Hacke and Robin Howton. Their teacher is Mrs. Lynda Laurent. The principal is Mrs. Agnes Frintzko.

The TV program is sponsored by the office of the Supt. of Public Instruction Ray Page at Springfield under the guidance of Mrs. Ruth Lehr, who is presently on leave from the Granite City schools district and is working with the Title III program of the National Defense Education Act as supervisor of English and reading, grades K-14, Regions V and VI.

Date of showing in Springfield will be Saturday, April 26, at noon. It will be shown also in this area but at a later date to be announced.

## SAYS CITY EMPLOYEES AID TOWN CANDIDATES

To the Editor:  
The recent election of township candidates in Venice township forces me to write these statements.

It seems that Venice and Madison saw fit to use city employees on April 1. When a man is told that he has no freedom on election day and must help whoever the political machine tells him to, this is wrong.

To the people of Venice and Madison, while you pay taxes to have your garbage and trash carried away, the political machine decides to take advantage of you and uses employees to help put their candidates in office.

What you should do is contact your mayor and put a stop to these machine tactics. Remember, it is your money that these people are administering.

## VALUABLE AID BY NEW QUAD-CITY CLUB

Anyone who owns a dog and has ever lost it even for a few hours, as we did, has gone through the calling of police, the humane officer and radio stations, and the waiting for the phone to ring with news.

Our unhappy experience ended very happily, though, thanks to some really wonderful help. That help came in the form of the new dog club just organized in this area.

They were most happy to help, even though we didn't know and knew none of its members, nor planned on joining. This latter point has definitely changed.

These people made phone calls to other members with the dog's description and told where he was last seen. Some even got cars and joined us in our search.

The dog was found in a few hours. He needed a veterinarian's attention, and one member left her children with a sister-in-law to accompany me to the way to the Hawthorne animal hospital in Edwardsville to help me with the dog and with my two small boys.

When we returned, my sons and I were asked in for a really needed cup of coffee. Thanks to the club members for their help when we were needed.

## QUESTIONS PROMPTED BY DIRECTORY ARTICLE

To the Editor:  
In the Press-Record March 24, an article entitled "New Area Directory Now Being Delivered" provided me with thoughts that I had no answers for.

For, I am wondering if an article by you would clarify why this type of information in this type of directory is necessary?

If one indicates the desire not to be listed, will the wish be complied with or will the information be secured elsewhere? One year, during a survey of this type, I was requested to furnish information concerning my next-door neighbor.

Does this survey form require the signature of the resident furnishing the information before it can be incorporated into the directory?

Is it a requirement that a clearance be secured through our local city government before individuals begin such surveys, and is it a normal procedure for the public to be informed through our local press of the pending survey and the reasons for such a survey?

Government census gives us a count of all individuals. Why should a publication of this type make available to businessmen personal information?

Who owns or rents, the type of property, etc., is the concern of the individual only. Our city government knows its property owners through the tax rolls, who else needs this type of information?

Also, listings of phone numbers: why?

Perhaps there would be fewer useless calls if these weren't made so convenient. One can always turn to the yellow pages if in need of an item, home repair, etc.

In general, please inform us, the public, of what benefits this publication provides us as individuals when it provides names, addresses, phone numbers, status (home owners or renters), etc.

## MRS. ELIZABETH A. THALMANN

2001 Thirtieth Street  
Editor's note: Mrs. Thalmann raises some interesting questions, particularly in the area of what might be considered "invasion of privacy."

However, response to city directory interviewers is purely voluntary, since publication has no official status and is strictly a commercial business — for profit.

(City directories do serve a useful purpose, though, especially to business, police and municipal departments, by bringing together information that can be obtained, anywhere, from other sources, but at considerably more time and expense. Requests to be omitted from the directory are honored, and unlisted phone numbers are omitted, the publisher advises.)

## RELIGION NOT PROPER CITY ELECTION ISSUE

To the Editor:  
One day prior to last week's election for mayor in Granite City, there appeared in the Press-Record a large advertisement, signed by Ed Reiske, president.

This ad listed 16 reasons why one should not vote for a certain candidate for mayor.

One of the reasons was that this candidate did not go to church or didn't go to one approved by the Labor Council.

In the 1968 presidential election, George Wallace, who among his other sterling qualities, is as violently anti-Labor as can be recorded, received some 15,000 votes in Madison county.

This was a "moral" victory for George Wallace.

Labor and union organizations have long taken commendable positions on various issues.

However, it now seems to stand four-square for religious and racial intolerance.

Good, ignorance and intolerance have no guidelines.

## BANISH THE SLAVERY CAUSED BY ALCOHOL

To the Editor:  
The Constitution says, "No slave trade, but the liquor traffic that makes the liquor traffic of millions.

President Lincoln's proclamation freed four million slaves, but we now have four or five million alcoholics, slaves of a destructive business.

The liquor industry ignores the fact that the Constitution was adopted for the general welfare of our people. Let's vote it out.

Word comes to us that a certain company has decided to pay its employees for non-smoking.

Word comes to us that a habit of smoking will cause a man to get \$10 additional salary per month.

The company says such action will cost them nothing, as a non-smoker is worth \$10 more per month. This is surely a fine suggestion to all employers.

We ask the public to use it and ever stop to think that your moderate drinking and smoking may lead someone or many to become alcoholics or cancer victims? Why not stop such habits now?

Many people should live near the river so they can throw their money into the river instead of spending it for drinking and smoking and other narcotics. The money may be gone but their health and precious time would be saved.

How would it be for 20 cigarette smokers or beer drinkers to cease their evil habits and give the \$200 per year, more or less, to a worthy widow and her children? The children would be a better world, more greatly blessed, and the donors would profit in even a much greater degree.

Let us join the Woman's Christian Temperance Union, or some other total abstinence organization, without delay. Help make a better world.

CANDIDATE CITES RIGHT  
TO THINK OWN THOUGHTS

To the Editor:  
As the Easter holidays come to a close and the Madison city election draws near, I think of the many questions that I do not want to ask a person who works in an election is a judge, but only the person who concerns the city administration all during the year and then sell out their friends on election day.

I have been called a "troublemaker" and a "radical" because I have made questions with the present administration.

I'm a "troublemaker" because I'm against machine politics, I'm a "radical" because it's simply a good word to pin on a person when you're at a loss for words to say against someone.

A "troublemaker" and "radical" may be, but I've never heard of a "troublemaker" or "radical" being elected to office.

I'm a "troublemaker" because I do not believe in things that have been done by a lot of politicians and political hangers-on.

Yes, I'm a "radical"; I believe in a complete change in our present city administration, a change for the better.

Yes, I'm a "troublemaker" because the citizens can go to a council meeting without being cursed.

I'm also a "troublemaker" because

## Tri-City Shrine Past Presidents To Be Honored

Tri-City Shrine club members will honor their past presidents at a dinner meeting at the Granite Army Depot officers' club Thursday, April 17, at 6:30 p.m.

A small group of Shriners met in September and October of 1962 to discuss the formation of a Shrine club of Ainal Temple in this area, and the club was chartered the same year.

Oscar Albert, now residing in St. Petersburg, Fla., was elected and installed as the first president in 1962.

Those who served as presidents from 1963 through 1968 were Mayor Donald Partney, Walter Cook, Charles Voss, Chester Ashley (now deceased), Claude Echols, Roy Wilmsing, Wesley Dudley, Wallace Holton, Arthur Moore, Henry Reimers, George Warnecke, J. L. Smith, Louis Spohr, Richard Ervey, Louis Mariette and Lloyd Lewis.

In the past, the club has sponsored circuses in Madison and Granite City and football games between Granite City and Madison.

Five uniformed units of Ainal Temple have been formed by the Tri-City Shrine club during the past four years, placing about 120 additional Shriners on the streets for parades. The club now has a total of 350 members.

All Shrine club and Ainal Temple members are being urged to attend the dinner and make their reservations with Louis Spohr, Carl Roach or Ray Simmons.

## Earl Lee Recalls His Early Days as Teacher

Admitting that he learned more in his first year as a schoolteacher than he taught his pupils, Earl Lee, administrative assistant to Granite City Superintendent B. J. Davis, described for Granite City Optimists Thursday his experiences 41 years ago as a beginning teacher in a rural one-room schoolhouse.

Lee, who will retire in June from the teaching profession, commented that the most noticeable difference in pupils today is the lack of consideration of all ages for each other. Older children were more helpful and took care of younger pupils when all age groups attended the same small school, he noted.

Today, kindergarten or first graders would be trampled if they had to run the same corridors as eighth grade students, the educator said. Among 30 Optimists present for the meeting at the Rose Bowl restaurant, six reported having attended a one-room country school in 1928.

Lee began his teaching career in the Jerseyville area and said he remained in contact with three families whose children were enrolled at his first school. He served as superintendent of the Nemo school district from 1947 until its incorporation into the Granite City school system in 1959.

In observance of the local Optimist Club's 40th anniversary, two charter members, Arthur D. Rosenman and A. M. Wilson, were given a standing ovation by those at the luncheon meeting.

The club was chartered in April 1929 by 26 local businessmen. Sam E. Perkins, secretary chairman of Tri-City Grocery Co., no longer an active club member, also was among the original 26 men signing the charter certificate.

A scrapbook and photographs recording the club's history were circulated for current members to inspect.

Herman Mueller served as program chairman and the business session was conducted by Fred Cunningham, president. It was reported that a board of directors dinner meeting is being planned for Wednesday, April 23, with the location to be announced at a later date.

## Illinois May Lose One House Seat

## Demos Girding for 1970 Legislative Race

Top-level Democrats at Washington have begun drafting a battle plan for increased participation in state legislative races next year as a result of the 1967 census, which is expected to effect wholesale changes in Congressional district boundaries.

At issue is the process through which the House of Representatives, now controlled by the Democrats, may be reshaped through population shifts revealed by next year's census. Such shifts are certain to result in district changes; the changes will be made by state legislators, many of whom will be up for election next year.

While the state races also are crucial to the Republican GOP strategists are expecting automatic benefits from any realignment of Congressional district boundaries. They are counting on new census figures to increase the political power of the suburbs, which already

are a key source of GOP strength.

**Starting Year in Advance**  
Democrats, who also see potential changes in population as a crucial factor in Demo strength, plan a nationwide campaign to elect more of their candidates to state legislatures in 1970.

The program, which is getting under way a year in advance of next year's legislative balloting is being handled by Mark Shields, director of campaigns and political organization for the Democratic National Committee.

Projections already under study include possible loss of one House seat in Illinois. Other likely reductions include two seats in Pennsylvania and one each in Iowa, Michigan, New York, North Dakota, Ohio, Oklahoma, West Virginia and Wisconsin.

The Democrats also are working with population projections

which anticipate gains of six House seats for California, two for Florida and one each for Arizona, New Jersey and Texas. Democrats now have legislative control in only two of those states.

**Study Last Elections**  
A phase of the Democratic plan already under way is a study of the last election races to identify marginal districts—those decided by less than 5% of the vote.

Major targets among these will be Republican-held legislative districts, with emphasis on the states where legislatures appear within Democratic reach.

Once these key districts are determined, the national organization will guide state and local party leaders in recruiting of candidates who would be attractive challengers to Republican incumbents.

Republicans now have an advantage. The nine biggest states are all certain to be involved in population shifts which House representation; Republicans now control both branches of the legislature in five of them and Democrats in two, with the others divided or leaning toward GOP control.

## IYC Worker Presents Folk Music Programs

Donn Hornberger, an Illinois Youth Commission community worker and a member of the Granite City Jaycees, presented a program of guitar music and folk songs Thursday evening for the Capital Oaks Women's Club of Fairview Heights. He performed a similar concert the previous week for young people of the Fairview Heights area.

Hornberger, a senior at McKendree College, Lebanon, performs folk-style selections, accompanying himself on guitar, for church and youth groups and other organizations upon request. He has played at Colorado University, University of California at Berkeley and at Gaslight Square.

His music was part of a presentation Thursday, designed to stimulate discussion about living problems today. He also played for club members, a stereo reproduction of the "Sounds of Dissent," preceding the discussion period.

Quad-City groups interested in hearing the program are invited to call Hornberger at the Illinois Youth Commission, 873-8590.
